ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.27 per hour or \$170.80 per week or \$740.13 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; and 4 weeks after 3 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year, New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am.

If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives.

Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

\*\* UNIFORM ALLOWANCE \*\*

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A links to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

## SENIOR CITIZENS AGING SERVICES FY-2015 INTAKE, PROFILE AND REFERRAL (IPR) FORM

---

### **INSTRUCTIONS**

Title III reporting requirements provide statistical data for management and advocacy initiatives serving as indicators for new and continued funding of programs for seniors. The data collected is used for budget justifications, congressional inquiries, program development and mandated reports for federal, state and local agencies. Information must be accurate for it to be useful in supporting program services.

- ◆ **FORM:** This form is an Intake, Profile and Referral (IPR) Form, and not an Assessment Form. Profile characteristics are used in developing new programs to meet the needs of the elderly. Each Service Provider may have their own Assessment Form for their specific programs.
- ◆ **DATA RETENTION:** Client data is inputted and retained in a main registry.
- ◆ **SSN:** If a client does not provide a Social Security Number (SSN) then leave the space blank.
- ◆ **INCOME LEVEL:** The Income Level is based on the U.S. Department of Health and Human Services Poverty Guidelines and shall be completed before the Intake, Profile and Referral Form can be processed.
- ◆ **PRIORITIZATION OF SERVICES:** Based on the need to activate prioritization of services, the number of persons to be served will be determined by the existing conditions of clients enrolled in a program and those on a wait list at the time of implementation. Information on mobility, support system, housing condition, activities of daily living, health status and financial assets is collected should prioritization of services be necessary.
- ◆ **REFUSAL TO ANSWER:** Should a client refuse to answer a certain question, leave it blank. In the comments section, list the reason for not answering the question. This does not apply to Income Level.

- ◆ **SIGNATURE:** The signature of the client or responsible party is required before services can be provided.
- ◆ **SPECIAL ACCOMMODATIONS:** Clients requiring special accommodations shall inform the program in advance of their requirements.
- ◆ **PROGRAM SPECIFIC INFORMATION:**
  - **Case Management Services.** Case Management Services Program, at a minimum, conducts an assessment to individuals requesting Adult Day Care Services, In-Home Services and Home-Delivered Meals. Entry into these programs shall not be permitted before an assessment is made and eligibility established by Case Management Services.
  - **Transportation Services.** In order to meet demands, clients requesting transportation shall make reservations with the Transportation Services Program in advance for service. If the date requested cannot be accommodated, the Transportation Services Program shall recommend an alternate date. Requests for persons using wheelchairs or having a Personal Assistant/Personal Care Attendant shall be made in the same manner, whether for Center participation or to and from medical appointments, etc.
  - **Elderly Nutrition Program.** To the extent practicable, meals are prepared to meet special dietary needs of eligible participants, and shall be supported by a statement from the client's doctor or religious leader stating the necessity for special meals. Mechanical (chopped) or pureed (blenderized) meals are not classified as special meals and shall be provided to the client at their request.

### PROCEDURES FOR REPORTING ABUSE OF THE ELDERLY OR ADULTS WITH DISABILITY

Public Law 31-278 delineates the policy for the reporting of abuse of the elderly and adults who have a disability. As stated within the law, the following definitions pertain:

- a. **Adult with a Disability** - Any person eighteen(18) years or older who:
  1. Has a physical or mental impairment which substantially limits one or more major life activities of daily living.
  2. Has a history of, or has been classified as having an impairment which substantially limits one or more major life activities.
- b. **Major Life Activities** - Include, but are not limited to: caring for oneself, performing manual tasks, standing, walking, seeing, hearing, eating, sleeping, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking and working.
- c. **Elderly** - A person age sixty (60) years or older.
- d. **Caregiver** - Any family member or any person, health facility, community care facility, clinic, home health care agency or legal guardian who has the care or custody of the elderly or adult with disability who has been abused.
- e. **Elderly or Adult with a Disability Abuse** - Means self-neglect or any one (1) or more of the following acts inflicted on an elderly or adult with a disability by other than accidental means by another person: physical abuse, neglect, or abandonment.

The following definitions apply:

- a. **Abandonment** - The desertion of an elderly or adult with a disability by his or her caregiver under circumstances in which a reasonable person would continue to provide care or custody.
- b. **Emotional or Psychological Abuse** - Includes fear agitation, confusion, severe depression, or other forms of serious emotional stress that is brought about by forms of intimidating behavior, threats, harassment, or by deceptive acts or false or misleading statements made with malicious intent to agitate, confuse, frighten, or cause severe depression or serious emotional distress of the elderly or adult with a disability.
- c. **Financial or Property Exploitation** - Illegal or improper use of an elderly or adult with a disability's money, property or other resources for monetary or personal benefit, profit or gain. This includes, but is not limited to, theft, misappropriation, concealment, misuse or fraudulent deprivation of money or property belonging to the elderly or adult with a disability.
- d. **Neglect** - The failure of a reasonable caregiver to provide for the physical, mental or emotional health and well-being of the elderly or adult with a disability and includes, but is not limited to:
  1. Failure to assist or provide personal hygiene.

## Attachment “SS2”

2. Failure to provide adequate food, water, clothing or shelter.
  3. Failure to provide medical care for the physical and mental health of the individual. No person shall be deemed neglected or abused for the sole reason that he or she voluntarily relies on treatment by spiritual means through prayer alone in lieu of medical treatment.
  4. Failure to protect an individual from health, safety hazards, or physical harm.
- e. **Physical Abuse** - The willful infliction of or omission which results in physical harm. It includes, but is not limited to, cruel punishment resulting in physical harm or pain or mental anguish, such as direct beatings, slapping, kicking, biting, choking, burning, sexual assault or molestation, or unreasonable physical restraint or confinement resulting in physical injury.
- f. **Physical Harm** - Means bodily pain, injury, impairment or disease.
- g. **Self-Neglect** - Is the behavior of an elderly or adult with a disability that threatens his/her own safety. Self-neglect generally manifests itself when an elderly or adult with a disability refuses to provide him/herself with adequate food, clothing, shelter, personal hygiene, medication (when indicated), and safety precautions. The definition of self-neglect excludes a situation in which a mentally competent elderly or adult with a disability, who understands the consequences of his/her decisions, makes a conscious and voluntary decision to engage in acts that threaten his/her health or safety as a matter of personal choice.
- h. **Sexual Abuse** – Means any form of non-consensual sexual contact, including but not limited to, unwanted or inappropriate sexual gratification, touching, rape, sodomy, sexual coercion, sexually explicit photographing, sexual harassment, involuntary exposure to sexually explicit material or language, and as defined in the penal code of Guam.

### Reporting Requirements

#### Individuals who are required to report include:

- a. Any persons who, in the course of their employment, occupation or professional practice come into contact with elderly or adults with disabilities, has actual knowledge or reasonable cause to believe that an elderly or adult with a disability is suffering from or has died as a result of abuse, shall immediately make a verbal report of such information or cause a report to be made to the Bureau of Adult Protective Services or its authorized agency and shall, within 48 hours, make a written report to the Bureau or its authorized agency. If a verbal report is made on a Friday, a written report will be made by the next workday.
- b. Persons required to report abuse under this Law include, but are not limited to physicians, medical interns, medical examiners, nurses, chiropractors, hospital personnel engaged in the admission, examination, care or treatment of persons, social workers, employees of nursing homes, senior citizen centers and adult day care facilities, police officers, probation officers, employees of homemaker and home health service agencies, emergency medical service (EMS) providers, non-emergency medical transport providers, banking or financial institution personnel, pension providers, and practicum students in the field of health and human services.

# Attachment "SS3"

## Reports shall include:

- a. The name of the person making the report and where he or she can be reached. However, reports of abuse may be made anonymously. Any person who in good faith makes a report under this article or testifies in any administrative or judicial proceeding related to the report is immune from civil or criminal liability for reporting or testifying. The identity of the person making the report shall be confidential.
- b. The name, address and approximate age of the elderly or adult with a disability.
