INVITATION FOR BID NO. GSA-083-16
TANKER TRUCK FUEL/LUBE TRUCK (LATEST MODEL)
August 25, 2016

Questions submitted by Morrico Equipment dated August 10, 2016

Inquiry 1 Page 35. Fuel/Lube Body Warranty. Our manufacturer only offers an “export level” warranty to Guam on the fuel body for 12 months only. That includes fuel tank body, tanks, hoses, reels, meters and paint.

Response: **This does not meet the minimum warranty coverage required and therefore is unacceptable. Through market research, such warranty coverage is available locally which can be provided by a manufacturer. Due to Guam’s climate, it was determined that the coverage specified supports our ability to obtain the best value for this acquisition.**

Inquiry 2: 3/16” Steel Construction is requested in the following tanks:
100 Gallon Hydraulic Oil tank, 50 Gallon motor Oil tank, 100 Gallon salvage Oil Tank, 50 Gallon used Coolant Tank.

Our manufacturer will supply 10 Gauge Steel Construction. Will this be acceptable?

Response: **This does not meet the required minimum material thickness and therefore is unacceptable. Through market research, there are at least two (2) manufacturers that use the same specified material features. Again, due to Guam’s climate, it was determined that the material specified would provide durability and increase the equipment’s lifespan.**

CLAUDIA S. ACFALLE
