INVITATION FOR BID GSA-038-17
Concrete Rooftop Waterblasting / Rooftop
Crack Epoxy Injection / Cleaning and Waterproofing

Questions received from Mega United Corp. 06/09/17

Question 1:

Will there be a site visit for this bid?

Response:

A "Site Visit" will be scheduled for June 16, 2017 at 10:00am at the Mangilao Public Health Facility.

Question 2:

Will the contractor be required of specialty licenses to bid/perform the contract?
(such as epoxy injection & Roof Waterproofing)

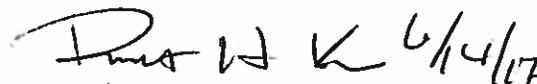

Response:

Contractors **MUST** be registered with Guam Contractor License Board and comply with **OSHA** standard.

Question 3:

There was no mention of crack linear feet quantity in the bid document and crack injection could be very expensive if excessive cracks were found after cleaning. In order for contractors to bid on the same page, you could provide estimated quantity of crack linear feet and add linear foot epoxy injection bid item. By doing so, contractors can bid on the same quantity and actual work can be measured and adjusted accordingly.

Response: Refer to "Amendment 1"

CLAUDIA S. ACFALLE
Chief Procurement Officer
