**INVITATION FOR BID GSA-049-17**  
**ANTIVIRUS SOLUTION**

**Questions received from Data Management Resources 07/05/17**

**Question: 1**

Relative to Item 1.1, bid specifies "Next Generation AV (NGAV) Solution must include the following: Agent software to be installed on each endpoints". Does GSA require the vendor to install 2,500 agents to all endpoints?

**Response:** It is the agency's expectation that the vendor will install all 2,500 agents at the endpoints. However, we do require that the vendor prepare a deployment/installation plan for OTECH to review and approve.

**Question: 2**

Request for a two (2) week extension in the bid submission deadline to allow for adequate bid preparation time upon receipt of GSA responses to the above.

**Response:** Refer to "Amendment 1" dated July 14, 2017

**Questions received from Pacific Data Systems 07/14/17**
