Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking.

Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.27 per hour or \$170.80 per week or \$740.13 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; and 4 weeks after 3 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) **COMPUTER EMPLOYEES:** Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541. 400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

- (1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;
- (2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;
- (3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or
- (4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) **AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY:** If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1)).

Doc No. 33GL-16-1780.

1 person residing outside of Guam. *I Liheslaturan Guåhan* finds that these off-island
2 offerors competing for the contract award have a four percent (4%) competitive
3 advantage over Guam businesses in that they are not subject to the four percent (4%)
4 business privilege tax as are Guam-based domestic businesses.

5 *I Liheslaturan Guåhan* finds it to be in the public interest to level the playing
6 field for the highly capable domestic Guam businesses desiring to have a fair feasible
7 opportunity to compete for these professional services contracts.

8 It is the intent of *I Liheslaturan Guåhan* to assess the equivalent of the Guam
9 business privilege tax by providing for a withholding assessment fee for a non-
10 resident person without a valid Guam business license residing outside of Guam,
11 which *shall* be equal to four percent (4%) of the total dollar value of a contract
12 awarded for all government of Guam contracts for professional services as a cost of
13 doing business with the government of Guam.

14 **Section 2.** A new § 71114 is *added* to Chapter 71 of Division 3, Title 11,
15 Guam Code Annotated, to read:

10 resident person without a valid Guam business license, which *shall* be equal
11 to four percent (4%) of the total dollar value of a contract awarded for all
12 government of Guam contracts for professional services provided by a non-
13 resident person residing outside of Guam, as a cost of doing business with the
14 government of Guam.

15 This Section *shall* apply as a mandatory requirement of a government
16 of Guam contract being awarded to provide professional services required by
17 any government of Guam agency, to include all autonomous agencies.

18 All agencies, to include autonomous agencies, of the government of
19 Guam *shall* ensure that all Requests for Proposals (RFP), Invitation for Bid
20 (IFB), or any other form of solicitation for professional services, include the
21 notification to potential offerors that the award and issuance of a contract to
22 provide the professional services is subject to the withholding assessment fee
23 for contracts awarded to persons without a valid Guam business license.

24 The agency awarding the contract or the agency's representative
25 awarding the contract *shall*, at the time of a contract award, in the instance of
26 a contract for professional services to a person who does not possess a valid
27 Guam business license under Title 11, Guam Code Annotated, and who is not

1 a resident of Guam, deduct from funds allocated for the contract an amount
2 equal to four percent (4%) of the total dollar value of a contract awarded, and
3 *shall* transmit the funds to the Treasurer of Guam for deposit in the General
4 Fund. The amount of the withholding assessment fee withheld pursuant to this
5 Section *shall* be duly noted in the payment statements to the contractor. The
6 agency *shall* report to the Department of Revenue and Taxation (DRT), on
7 forms prescribed by the Department, the amount of the withholding
8 assessment fee withheld, or any other information requested by DRT on the
9 prescribed form, from the awarded professional services contract within thirty
10 (30) days of the contract being awarded.

11 (c) Prospective Applicability. The withholding assessment fee
12 pursuant to this Section for a non-resident person without a valid Guam
13 business license *shall not* be applicable to any contract for professional
14 services entered into with the government of Guam prior to the effective date
15 of this Act; provided, however, that it *shall* be applicable for the award of a
16 new contract or contract renewal for the contractual provision of the same or
17 similar services.

20 under this Chapter *shall* become funds of the government of Guam from the
21 moment of collection and *shall* be subject to all laws, rules and regulations
22 pertaining thereto, and unless specifically provided by law, all such
23 withholding assessment fees collected *shall* be deposited into the Treasury of
24 Guam as part of the General Fund.”

25 **Section 3. Severability.** If any provision of this Act or its application to
26 any person or circumstance is found to be invalid or contrary to law, such invalidity
27 *shall not* affect other provisions or applications of this Act which can be given effect

1 without the invalid provisions or application, and to this end the provisions of this
2 Act are severable.

3 **Section 4. Effective Date.** This Act *shall* be effective upon enactment.

GUAM FIRE DEPARTMENT
MID-SIZED SPORTS UTILITY VEHICLE (SUV) SPECIFICATIONS

INTRODUCTION

These specifications are reflective of the Guam Fire Department and its needs. Guam's geographical location and inherent exposure to the elements of its environment include high heat temperatures, corrosion and decomposition factors, humidity and moisture. These are of some major concerns for any vehicle type to consider on a Pacific island approximately 212 square miles with an elevation of 1332 feet.

INTENT OF SPECIFICATIONS

Bids are requested for TWO (2), 2017 or latest model, MID-SIZED SPORT UTILITY VEHICLES (SUV), THREE (3) YEAR EXTENDED WARRANTY, AND THREE (3) YEAR SERVICE/MAINTENANCE AGREEMENT. In general, this vehicle shall be of a 4-door cab configuration, with a rear hatch in order to access rear cargo area and enclosed seating for a MINIMUM OF SEVEN (7) PERSONS. The bid price must remain valid for a minimum period of 365 days from the date of award by the General Services Agency of the Government of Guam.

It shall be the intent of these specifications to cover the furnishing and delivery of a complete vehicle equipped as hereinafter specified. These specifications shall cover both the general and performance requirements, together with certain details as to which the successful bidder (bidding contractor) shall conform. Minor details of construction and materials, which are not otherwise specified, shall be left to the discretion of the manufacturing company, who shall be solely responsible for the design and construction of all features. It is and must be understood that no bidders, as of this bid, on Guam construct or manufacture Mid-Sized SUVs but are only representatives of off-island manufacturing companies through contract. The bidding contractor shall specify the manufacturing company they represent, and shall maintain dedicated service facilities for the repair and service of the vehicle being sold. Evidence of such a facility shall be included in bid. The bidding contractor shall also show that both its service facilities and the manufacturing company *are* in position to render prompt service and to furnish replacement parts.

MANUFACTURER'S RELIABILITY

The bidding contractor on Guam and the representative's manufacturer must be satisfactory to the Guam Fire Department and the General Services Agency of the Government of Guam in terms of experience, reliability, and demonstrated ability to sell and service the same type of vehicle being requested by the Guam Fire Department.

FACTORY AUTHORIZED SERVICE CENTER

The bidding contractor must provide a factory authorized service center on Guam to include a minimum of two factory trained (by the manufacturer) technicians to perform maintenance and repairs of specified vehicle, including power train, chassis, and controls. All service technicians must possess, at minimum, the appropriate, current ASE (Automotive Service Excellence) or approved Certification from the respective manufacturer. The specific ASE manufacturer authorized certifications are dependent upon the specifications of the bid/quote submission by each contractor. This section part shall be applicable to the successful contractor; all required Maintenance Services on the vehicle and must be in place prior to acceptance.

The Guam Fire Department reserves the right to visit the facility for evaluation and reject any contractor that, in the opinion of the Fire Chief of the Guam Fire Department or his designee, does not fully comply with the provisions of this section. No deviations to these requirements will be accepted.

SPECIFICATION BID REQUIREMENTS

Bidding contractors shall also indicate in the "Bidding on" column if their bid complies on each item specified. Exceptions shall be allowed if they are equal to or superior to that specified and provided they are listed and fully explained on a separate page. Proposals taking total exception to specifications shall not be acceptable.

EXCEPTIONS

All exceptions shall be stated, no matter how seemingly minor. Any exceptions not taken shall be assumed by the purchaser to be included in the proposal, regardless of the cost to the bidder. In instances that the specification states '(no exception)', failure to comply will result in the bid being rejected.

EQUALS CLAUSE

Unless otherwise stated by the bidding contractor, the bid/quote submission will be considered in strict accordance with the specifications in this document.

REFERENCES TO A PARTICULAR TRADE NAME, MANUFACTURER'S CATALOG OR MODEL NUMBER ARE MADE FOR DESCRIPTIVE PURPOSES TO GUIDE CONTRACTORS AND THE MANUFACTURING COMPANIES THEY REPRESENT IN INTERPRETING THE SPECIFICATIONS AND REQUIREMENTS OF THE GUAM FIRE DEPARTMENT.

These references should not be construed as excluding proposals of other types of materials, equipment and supplies, unless otherwise stated. The contractor awarded a contract shall furnish each item referred to in the final specifications. Contractors and manufacturing companies submitting specifications that are equal to or greater than these specifications, hereinafter referred to as "Equivalent(s)", could be allowed, after review for said quality and compliance.

FAILURE TO LIST EQUIVALENTS

Failure to list an equivalent means the contractor is complying 100% with these specifications. Vehicle will be inspected on delivery for compliance with specifications. Exceptions will not be acceptable and can be cause for immediate rejection of vehicle unless they were originally listed in the contractor's submission. Liquidated damages (penalty) of one-fourth (¼) of one percent (1%) of outstanding order per calendar day shall be deducted from the final payment until the vehicle is considered acceptable. If after 30 days, the vehicle is not brought up to compliance, the contractor will be considered in default of the contract, and procedures to institute the provisions of the performance bond may commence.

SUBMISSION REVIEW AND EQUIVALENTS

To properly review all bid offers, the Government of Guam General Services Agency, will utilize its policies, rules and regulations as well as the provisions of the most current version of the Guam Procurement Code, Guam Code Annotated and other public laws that govern this procurement.

Any submitted "equivalent" in construction, performance, test, or items of equipment between this (purchaser's specification and contractor's submission) shall be detailed and submitted on a separate sheet along with the contractor's submission in specification sequence, citing equivalent number, page, section and line numbers.

The bidding contractor must explain in detail, along with full supporting documentation, such as but not limited to photographs, product brochures and test data, how the proposed item(s) meets or exceeds the specifications. FAILURE TO COMPLY WITH THIS REQUIREMENT WILL AUTOMATICALLY DISQUALIFY THE CONTRACTOR.

THE RIGHT TO REJECT SUBMISSIONS

The Chief Procurement Officer reserve the right to reject any and all submissions received and accept any that, in their judgment, best serves the interest of the people of Guam.

AWARD OF CONTRACT

A contract will be awarded, as soon as practical, following the review of the bid offers, to engineer, design, construct, and deliver the type of vehicle specified. It is not the intention of the Guam Fire Department/Government of Guam to write out contractors, vendors or manufacturers of similar or equal equipment of the types specified. Construction not in conformance with the contractor's proposal will be cause for the accepting authority to withhold payment until all conditions of the final, approved specification have been met. Failure to comply with changes to conform to any clause of the specifications, within 30 days after notice is given to the bidder of such changes, shall also be a cause for rejection of the vehicle.

WARRANTIES

All warranties described herein and within the technical specifications, are the minimum warranties that will be acceptable. Any warranty that does not meet these minimums shall be grounds for immediate rejection of the bid/quote submission. The Bidder shall provide a full statement of the warranty provided for the vehicle(s) being bid. This warranty should clearly describe the terms under which the vehicle's Manufacturer accepts responsibility for the cost to repair defects caused by faulty design, quality of work or material, and for the applicable period of time after delivery. The Fire Department shall also be reimbursed, for the rental of a similar vehicle during the time service/repairs are being made. Defective and other parts replaced, as a result of these service/repairs, will be labeled and retained by the Fire Department. Parts shall be paid for by the contractor in exchange for work orders and replaced parts. Outside vendor repair facility parts, labor charges, and rental fees shall be billed directly to the successful contractor. The contractor shall take full responsibility for returning any defective parts to their supplier. These aforementioned service and/or repairs will, in no way, affect the validity of any warranties as depicted within the approved specifications.
