**Invitation for Bid GSA-003-18**

**COMPREHENSIVE FACILITIES OPERATIONS AND MAINTENANCE SERVICES FOR DPR POOLS  
(HAGATNA POOL AND DPR NORTHERN REGION RECREATION POOL COMPLEX)**

**Questions and Concern received from JJGlobal dated 01/03/2018**

**Question: 1**

Pursuant to the Amendment #2, we need further clarification as the qualifications of a Certified Pool Technician is not as vast and as complex as a Certified Pool Operator (CPO) or an Aquatic Facility Operator (APO). Certified Pool Technicians are referred to individuals who only assist and help the CPO or an APO in handling chemicals but not totally qualified to do pool oversight and operation. Certification of Pool Technicians is only proper handling of chemicals but not totally qualified to do pool oversight and operation. Certification of Pool Technicians is only for proper handling of chemicals. We just want again a further clarification, is the Department downgrading their requirement from a CPO/APO to a Certified Pool Technician (CPT) as this will greatly impact this whole project.

**Response:**

Amendment #2 to remain as is, both Certified Pool Operator (CPO) and Certified Pool Technician (CPT) qualify to maintain pool, pool pumps and motors filtration system and apply required chemicals.

**Question: 1**

Amendment #3 indicates the bid QTY / UOM at 12 Months, which is incorrect. The bid Qty/UOM shall be 24 months. Unless the low bidder can have an option not to continue after the 12 months.

**Response:**

Please see Amendment #5, to change QTY/UOM.
