INVITATION FOR BID NO. GSA/PAG-007-18

Lifting and Lowering of BARGE YFN816 on to Wharf F6

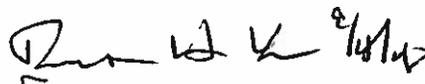

AMEMDMENT NO. 3

September 14, 2018

1. No, Barge YFN816 cannot be cut in the water and lifted in manageable pieces and place on Wharf F6, this changes the entire scope of work and would be much costlier. It would also have a different environmental impact and may require a whole new set of clearances which will also delay this project. (Response to Inquiry No.1).
2. GSA issued an award to a Vendor to cut up the Barge YFN816 once it was lifted and lowered into place on Wharf F6. (Response to Inquiry No.2).

Everything else remains the same.
