**Questions received from: Morrico Equip. on 9/23/20**

**Question 1:**

Section regarding the electrical system it is asking for a 36V Battery & Charger. Is that to be considered a "Minimum Voltage" or a "Fixed Voltage"?

**Response:**

As stated in the "Generals" section of the specifications, the requirements listed are minimums. Therefore, the 48V battery being offered would exceed the specified requirement of 36V and would be acceptable.
