ITEM NO.	DESCRIPTION	QTY/UOM	UNIT PRICE	PRICE EXTENSION
1.1	Telehandler with work platform attachment (Latest Model) As per the following specifications:	1 EA.	\$ _____	\$ _____

GENERALS:

These specifications have been written to describe minimum equipment, quality and performance requirements to be supplied by the equipment manufacturer bidding. Reasonable test may be conducted upon delivery before acceptance.

The successful bidder shall furnish all necessary and desirable information instructions for the proper operation of the equipment.

The government reserves the right to accept and/or reject any and all bids, to waive any defects, irregularities, or specification discrepancies and to award the bid as council deems to be in the best interest of the government.

Each vehicle\equipment shall be new /unused, current model year or later production. **Shall meet all applicable DOT\USEPA and OSHA Requirements for Guam.**

Each vehicle\equipment shall be supplied with all standard equipment and accessories indicated in manufacturer's published literature/brochure unless specifically deleted as stated in this specification. Optional equipment necessary to meet the requirements of this specification shall be installed.

Brand Names: Manufacturers' brands and stock/part numbers specified do not denote a preference for that make, but specify the level of quality and or performance necessary. Alternate brands found to be equal to or greater in quality and or performance to the brand specified may be accepted, however, the burden to prove equality shall rest with the bidder.

The subject specifications were drafted to allow for reasonable bid competition, however, needed to be tailored to meet the needs of the **Department of Public Works**. The minimum requirements specified were established through market research of product availability and capabilities with references and recommendations from local dealerships. The specifications were based on the following makes and models, therefore, bid proposals shall meet or exceed: JLG, model# 943 \ CAT model# TL943D\ and MANITOU model# MTA 9050 S3.

DISCREPANCIES LISTED:

Should any bidder have deviations from these specifications in this bid and cannot meet requirement of the specifications, he shall submit a letter and attach it to the bid explaining the deviations. Failure to do so will cause the bid to be rejected as being non-responsive.

SPECIFICATIONS:
