Invitation for Bid

GSA-008-22

Database Development

Question received from Art Design & Services on December 15, 2021

Question 1:
We would like to request an organization or processes chart showing workflow in hierarchy of how the government currently starts a permitting process for either of the health certificates, permits or registrations.

Response:
Please see attached Flow Charts

Question 2:
What is the payment gateway currently used by DEH, DPHSS, in which is integrated with other Gov. Guam agencies payment to regulatory departments?

Response:
The current gateway is an integrated customized payment application collected at the cashier level. The application is called TPS. IT was written, designed, and supported by a local vendor.

Question 3:
Please provide a sample, if possible, of the mentioned reports under the specifications as indicated on a page 33 of the IFB.

Response:
Please see attached Sample Reports

Question 4
What database or intranet is used for the Gov. of Guam WAN? Oracle etc.

Response:
There are several database types that are supported by the GGWAN including SQL, Oracle, DB2, and Access.

Question 5
What data type is used to currently communicate between agencies in the Gov of Guam WAN? RT, Excel, CSV, host-to-host, LAN, FTP?

Response:
Most common data types are compatible with the GGWAN.

Question 6
What POS does the Rev. and Tax currently utilize?

Response:
The question is out of scope for the relevant specifications.

Question 7
What is the current database utilized by DEH and DPHSS vs. Gov.Guam WAN?

Response:
There are a number of database types that are supported by GGWAN including SQL, Oracle, DB2, and Access

Question received from DMR on December 20, 2021

Question 1:
Specifications indicate "Database to be developed using FileMaker Pro/Pro Advance." Will DPHSS accept an alternative database platform that meets or exceeds the database requirements specified in the IFB?

Response:
DEH has invested resources in the use of FileMaker (training staff, etc) and is currently looking to expand it use of FileMaker.

Question 2:
Specifications indicate "System to be hosted by the Division of Environmental Health before implementation/launch" and that FileMaker Server will be hosted by the Government of Guam. Please confirm that this IFB excludes all hardware and server equipment.

Response:
Correct

Question 3:
IFB specifies "Collaborate with the Treasurer of Guam to ensure integration with their point-of-sale platform" the new database system be required to integrate with the Treasurer of Guam's existing point-of-sale system for the processing and acceptance of payments, or will the new database system be required to process payment independently of the Treasurer of Guam's point-of-sale system?

Response:
New system will not be required to process payment independently but transactions must be linked to Treasurer of Guam's point-of-sale system.

Question 4:
Specifications indicate "Compliance with Government security standards" including HIPAA. Aside from HIPAA, please list the required government security standards with which the database system must comply.

Response:
Additional regulatory government security requirements are audited by the Social Security Administration within the context of the NIST cybersecurity framework.

Question 5:
Specifications indicate "improved functionality, and efficiency over current database System." Please list the additional desired functionality required for improved functionality and efficiency in the new system and not elsewhere listed in the IFB.

Response:
Please refer to attached flow charts for current functionality and workflow. DEH will defer to vendors creativity to improve functionality and efficiency.

Question 6:
Is FileMaker currently in use by DEH? If so what version?

Response:
Yes. DEH uses FileMaker v.17-19

Question 7:
What application(s) is DEH currently using to manage it database for Health Certificates, Sanitary Permits, and Controlled Substances Registrations?

Response:
DEH uses a customized database that is maintained and supported by a local vendor.

Question 8:
Does DPHSS require conversion of existing data into the new database system? If so, please specify scope of conversion.

Response:
Not for this IFB.

Question 9:
Specifications indicate licensing for 30 user. What is the maximum number of concurrent users expected to be using the system at any given time?

Response:
5-15 users

Question 10:
Relative to the OIA Technical Assistance Program grant funding.

a.) Please provide the grant number

Response:
DI7AP00059

b.) When was the grant awarded?

Response:
June 2017

c.) When does the grant expire?

Response:
February 2022, additional extension pending vendor award.

Question 11:
How many personnel should training accommodate?

Response:
All DEH staff prior to launch (20-25)

Question 12:
Is the 180-day delivery requirement inclusive of the training period?

Response:
No. However training must be conducted prior to launch of the system.

Question 13:
We respectfully request a one-week extension in the bid submission deadline to allow for adequate bid preparation time upon receipt of DPHSS response to questions.

Response:
Refer to Amendment #1

for CLAUDIA S. ACFALLE
Chief Procurement Officer

Processing NEW Health Certificate Applications

Eating&Drinking/Food Category

Client submits application

1 Add Health Certificate Record

HC Type = ETDR or FOOD

People Record

Health Certificate Record (INTERIM)

Work with DEH People Records

To process a Health Certificate Record, the applicant must exist in the DEH People Records database.

Add the person into the database by using the **ADD...** button or the **F6** function key from within the **Work with DEH People Records** screen (WRKPEOP).

Before adding a person into the People Records database, check to see if the person already exists in the system.

Search by:
A) Name (Last, First)
B) SSN
C) Date of Birth

NOTE: Adding a person into the People Records database does NOT add the Health Certificate Record. You must complete the Health Certificate add process when you return to the Add Health Certificate Record screen (CHGHC).

2 Process HC Requirements

Use the **Requirmnt** option from WRKHC.

Enter the Date Completed for each requirement.

3 Schedule Workshop

Use the **Workshop** option from WRKHC.

ADD ...
