#### Invitation For Bid GSA-021-22 Manage WiFi Services and Support

#### Questions and Concerns received from GTA on May 25, 2022

##### Question 1:

Please clarify if a protected underground transport is required to deliver services?

##### **Response:**

A protected underground transport is not required.

##### Question 2:

Please confirm if an unlicensed microwave solution is considered secured?

##### **Response:**

**Refer to page 35 of 37 Scope Requirements**

Bidder is expected to provide a fully secured and robust managed WIFI solution.

##### Question 3:

Regarding the “fully secured managed WIFI solution”, please clarify if a firewall is required on site to manage and protect the WIFI as well as provide detailed monthly/weekly reporting, SSL inspection/decryption, sandboxing, intrusion prevention, URL filtering, and Anti-virus/anti-spyware.

##### **Response:**

**Refer to page 35 of 37 Scope Requirements**

The specified facilities are separate. WIFI coverage should be configured separately. The WIFI coverage should be designed, secured, and configured to maintain uninterrupted service throughout the building.

Bidder is expected to provide a fully secured and robust managed WIFI solution.
