3.4 Equipment.

The Government of Guam assumes no responsibility for Awardees equipment for the removal and disposal.

3.5 Responsibility.

Awardee is responsible for unstacking and loading all 166 vehicles that will be disposed as stated in the bid form.

Awardee is not liable for any pre-existing environmental conditions or contaminating the soil due to fluid leaks from any vehicles during the staging and/or loading process.

3.6 Liability.

Awardee shall assume full responsibility once vehicle is taken from DPW Vehicle Staging Site and acknowledged by DPW representative for its current state, including removal and disposal. Upon removal from the staging site, all materials become the sole responsibility and liability of the Awardee.

3.8 Taxes and Other Costs.

Awardee shall be responsible for all taxes, tipping, receiving, disposal, processing fees and any other costs necessary to fully perform the scope of work as specified in the bid form.

Article IV – Invoice & Billing

4.1 Invoice & Billing.

Awardee shall ensure billing invoices are validated by including tickets for all loads removed from the DPW Vehicle Staging Site and delivered to and received at permitted disposal sites. The tickets shall state location, date, time, transport/ delivery vehicle identification and operator name. Each ticket shall be verified and acknowledged by a representative of DPW and by personnel at the final destination, permitted disposal site.

Collection, Transport and Disposal of Light Vehicles

- Type A (Sedans): 2 & 4 Door Passenger Vehicles
(Includes, but is not limited to: Toyota Camry/ Corolla/ Prius, Hyundai Sonata, Mazda 3, Nissan Altima/ Maxima/ Sentra, Honda Accord/ Civic, etc.)

1.1	Type A (Sedans): 2 & 4 Door Passenger Vehicles <i>Current Condition: Crushed or flattened</i> As per the following specifications:	166	EA	\$ _____	\$ _____
-----	--	-----	----	----------	----------

Purpose: To establish the collection, transport, and disposal of light vehicles located within the Department of Public Works (DPW) Vehicle Stage Site. All materials shall be removed and transported to facilities permitted to manage and process such materials for final disposition.

SPECIFICATIONS:

BIDDING ON/REMARKS

Bidder shall provide all equipment necessary to transport vehicles from DPW Vehicles Staging Site to a permitted processing/ disposal site.

Bidder shall accept all vehicles as stated the specification on the bid form.

All operations performed shall comply with all applicable federal and local regulations. Upon request, the burden of proof regarding permits and compliance shall be with the Bidder.

Bidder shall provide all materials, labor, tools, heavy equipment, transportations and all resources necessary to fully perform the scope of work.

Bidder is responsible for unstacking and loading all 166 vehicles that will be disposed.

Scope of work shall be performed between 8am – 5pm, Monday –Friday. Operations outside of normal hours shall be coordinated and approved by a DPW representative.

Bidder shall ensure to implement safety procedures and protocols during the work.

Bidder shall assume full responsibility once vehicle is taken from DPW Vehicle Staging Site and acknowledged by DPW representative for its current state, including removal and disposal. Upon removal from the staging site, all materials become the sole responsibility and liability of the Bidder.

Bidder is not liable for any pre-existing environmental conditions or contaminating the soil due to fluid leaks from any vehicles during the staging and/or loading process.

All debris and vehicles must be disposed by following Guam Environment Protection Agency (GEPA) regulations on Hazardous materials and Debris.

Bidder is responsible to obtain all required license(s) and permit(s) to fully perform the scope of work.

These specifications were developed and prepared by the staff of the Department of Public Works Highways Division and approved by Vincent P. Arriola, Director.
