Invitation For Bid
GSA-056-26
Heavy-Duty Gun Safe

Questions and Concerns received from A WOW Construction and Maintenance, LLC on September 21, 2026.

1. Could you please clarify whether the items will be delivered to one Guam Police Department location or multiple locations?

   We are specifically trying to account for transportation, delivery, loading, and offloading requirements. If delivery is to one location, would we be permitted to have the shipping container transported directly to the project site and offload the items from the container on-site?

   If delivery will be required at multiple locations, could you please provide the anticipated locations and/or the quantity of units to be delivered to each location?

   Any additional information regarding site access, delivery restrictions, required equipment, or specific unloading and placement requirements would also be greatly appreciated.

   Response: The 20 ea. gun safes need to be delivered to three separate Guam Police Department locations:

   Location 1: Armory Section
   Address: Hakubotan Building, Chalan San Antonio, Tamuning, Guam 96913
   Quantity: 5
   Site Access and Delivery: Located on the second floor with freight elevator access. Safes must be offloaded and moved via the freight elevator to the designated placement area. Elevator dimensions, weight capacity, unloading access, and delivery scheduling remain to be confirmed.

   Location 2: Crime Lab
   Address: Gregorio G. Perez Crime Lab & DNA Forensics Lab Annex, Guam Community College, Sesame Street, Mangilao, Guam 96913
   Quantity: 4
   Site Access and Delivery: Site access, delivery entrance, unloading space, and the route to the designated placement area remain to be confirmed.

   Location 3: Evidence Control Section
   Address: Bello Road, Barrigada Heights, Guam 96913
   Quantity: 11
   Site Access and Delivery: Vehicle access, unloading space, entry procedures, and placement requirements remain to be confirmed.

   We cannot confirm whether a shipping container can be transported directly to any of these sites for on-site offloading. Please account for delivery to all three locations, including any transfer from the container to suitable delivery vehicles, offloading, and placement.

Delivery schedules and required handling equipment must be coordinated in advance with the receiving sections. The remaining site details and points of contact will be provided once contract is awarded.

The delivery locations and quantities assigned to each location may be adjusted or changed based on the Guam Police Department's operational needs. Any changes will be coordinated with the contractor prior to delivery.

Please Note: Follow up/Clarification to the Questions and Concerns responses dated 10/21/2026 must be submitted to the General Services Agency via email to bids@gsadoa.guam.gov no later than 5pm, Thursday, October 22, 2026.
